Answer the following: (4) If you smoke, do you allow your 2nd graders to smoke? If you buy a hot dog does your teenager eat it? If you buy frozen pizza, does your child eat all of it? If you eat food with any type of sauce does this affect your health? In your opinion, do smokers or people that eat chicken or hot dogs have more health problems or less health problems? (2) When you were a child did you like to play with Legos, building blocks, or toy cars? (2) If you don't drink soda and you're pregnant, do you worry about the amount of soda that you are drinking? What does it mean that you are pregnant? (1) Do you like to play with dolls or Lego's? (5) If you have any extra money, how do you spend it? If you don't have any extra money, how do you handle this problem? If you have extra money, does your family still go out and eat dinner together every day? (3) Do you like soccer, football, baseball, or basketball? (2) Are you someone who likes to read books or does school work?Q: How to calculate the number of digits in a number? Is there any way to calculate number of digits in a number? I know that there are at most n^k different ways to decompose a number into k factors, where n is the number of digits and k is the number of digits of the factor. I suppose I can sort all possible decompositions into a list of all possible
