Two Democratic members of Congress on Wednesday said the Congressional Budget Office's score of the proposed GOP health care bill indicates the bill would reduce insurance coverage and cause some people to

lose their coverage, which, as an official score by CBO indicates, is exactly what will happen. Rep. Earl Blumenauer of Oregon and Rep. John Conyers Jr. of Michigan, both Democrats, made their comments on CNN's "New Day." Rep. Conyers said: We've got to take a look at the data, and the way it's played out is it's going to make coverage worse for individuals. We're going to end up with fewer people covered by health insurance. There's the need for a public option. That's the one thing that the CBO scores showed: In the CBO's analysis, it shows that over the period of the

check for any foreign chars. The map on which you plan the campaign must have at least the following features: The most important is a grid. The map must have a buffer zone of at least 20km around each town (with regard to the old buffer zone from CC3). A map can be re-sized to meet your specific needs. You will need to put your mission backstory in the corresponding text box. Like this map, available for free. Why not try our advanced mission generation tool? With our campaign planner you can even simulate what an enemy response might be and see how you should react. The city planner lets you do the same for your city. The city planner will even help you with the critical rule: How to Make an Attacker Read Your Goal! Last but not least, the dungeon designer lets you create endless dungeons of your own.
