Category:Computer-related introductions in 2012Q: HTML DIV Toggle Issue This is probably something easy, I'm just not being able to see what's causing my problem. I've got a div with a toggle function in it to hide and show my second div. This is my second div `$('#myToggle').click(function() { $('#myDiv2').toggle("slow"); return false; });` The toggle works fine, but the problem is I'm also using the CSS transition to fade in the second div. So when it shows, the fade effect is interrupted. It doesn't seem 2d92ce491b
