's] "Undeniably, Deepika Padukone and Ranveer Singh are two of the best actors in the business. Together, they are an unbeatable pair" - Sujoy Ghosh "Ranveer and Deepika are a great film actor pair. This is the first time I have seen them work together. But they are right for the character and are very easy on the eyes" - Nikhil Advani "Deepika is so versatile as an actor. She is at her best when the script demands a combination of sensitivity and strength." - Rajiv Menon "Ranveer is an ideal partner for Deepika. He supports her whenever she wants to take risks as an actor." - Shashi Kant "Ranveer has never played this character before but he has the perfect understanding of the material. He delivers an outstanding performance" - Rajeev Masand "Deepika Padukone and Ranveer Singh have acted together before but it is their first film together in a strong lead role. They have great chemistry and their on-screen love is passionate and easy to relate to." - Tanuj Garg "I would like to welcome Ranveer and Deepika to the international arena. With Sharmila Tagore I would like to see how her character in Te3n plays out." - M.V. Rajadurai "Ranveer, who has been in the business for over a decade, has a lot of experience playing strong male roles, but has not often had to play so strong a female character. I think he does a good job of it. He is a great actor and if you want to look at the real India, you have to see this film." - Viswajeet DeSilva "Ranveer is a handsome actor and I was impressed by how he took to the role. I would love to see him and Deepika team up in some other projects. They have great chemistry." - Shrikant Mohta "Ranveer Singh brings out the colour of the character and Deepika Padukone successfully adds the sensuality. An item number will never be missed in a film. They both make for a perfect couple." - IBN Live
