SourceCoder XE and Monogram Wizard Plus to communicate....Q: MySQL update always sets to 1 or more records I'm working on an update method that searches for a row matching a certain ID and then decides whether to set it as 'active' or not. When I run the query, I can see how many times is the query run for each ID, as each query increments the counter. However, it doesn't seem to store/update anything, as it always sets the counter to 1. Why is this happening? I've tested the query in phpMyAdmin and it works fine. So, I'm quite sure it's something wrong with my DB configuration, the following is the SQL query I'm using: UPDATE `admin\_information` SET `active` = 1 WHERE `admin\_id` = '\$admin\_id'

I've 3e33713323
