121 Cz If you can locate the torrent file
and upload it here it can be confirmed. A:
I found it here : Q: NetLogo agent-based
program: how to setup a food source I just
started a project using NetLogo. I want to
create a food source for my agents. The

problem is, I don't know how to set it up. I have an empty world with no terrain, and no agents. My code is: to setup ask turtles [set shape "cube" set color white] ifelseelse [food-source? = true] [clear-all let food-symbol agent-count set food-symbol whatever-food-symbol] [set food-symbol whatever-food-symbol ask patches with [food-symbol = "food-source"] [set food-symbol "user-defined" setxy one-of patches with [food-symbol = "food-source"] set shape "circle" set color white] end end I can't figure out how to make the

circle shape into a food source. Can someone help me out, please? A: You can create any shape you want to be the food source for any patch of agents in NetLogo. Here is an example where I am turning the patches into food sources. to setup ca crt 5 [set shape "circle" set color white] end to go ask patches [ifelseelse [food-1cb139a0ed
