Internet is world's number 1 information highway. It has indeed created a pathway for running any sort of business. Many business persons think to make their presence felt on internet and thereby get more customers. The

---

softwares are being recognized as a way to make and gather more data and thereby to become famous. One should recognize the internet as a great source of information to find some of the most finest and safest Bittorrent Tracker. But just as I lost my faith in Barack Obama and Sherrod Brown, there's no question I lost my faith in Paul Ryan. "No, we're not going to be able to balance the budget without serious entitlement reform," Ryan said at a debate in Cleveland last week, adding: "It's possible to accomplish these reforms without dramatically raising taxes." In other words, he's willing to balance the budget on the backs of the poor, the sick, and the elderly. No, no, no. These kind of comments set me up for when Paul Ryan, and Republicans more generally, try to tell me that they want to cut Social Security (and Medicare), but only by reforming the entitlement programs and making the retirement age 65. Last year, Ryan made a big point of advocating for this reform. Over and over again, he'd say, "No, we're not going to cut Social Security without..." 09e8f5149f
